## A LITTLE BIT OF HISTORY

To meet the growing demand to have more resistant hardwood floors, Preverco is offering a good portion of its products in a brushed finish. With a time-proven process, this texture will help hide wear and tear and can also reduce some maintenance.

## MAINTENANCE

Use a cleaner designed for prefinished hardwood floors. We highly recommend using Preverco's cleaning kit.

Some precautions will help preserve the beauty of your floor:

- Regularly sweep or vacuum the floor to remove all dry dirt
- If liquid is spilled on the floor, wipe immediately with a dry cloth
- Use felt pads under all furniture legs
- Never clean hardwood floors with water
